# 2021 SPRING TRAINING CLASSES

Due to concerns regarding the current Coronavirus situation, we will be switching from our in-person training and replacing them with live, remote webinars. These will be interactive and include PowerPoint and video presentations.

We will cover the Infinity System Touch Control, Greenspeed Heat Pumps, Heat Pump Troubleshooting, Basic Electric Controls and Troubleshooting, Ductless Split Systems, Basic Rooftop Units, New Air Quality Equipment Presentation and Electric Heat Installation.

Topics will include installation, control setup, electrical requirements, system troubleshooting, technical tips and best practices.

- 8 Person minimum required per class.
- Classes will only be held if the 8 person minimum is met.
